W	Withdrawal	0
S	Satisfactory	0
U	Unsatisfactory	0
O	Administrative Withdrawal	0
Y	Audit	0
Z	No Grade Received	0

Types of grade	
Blank	Institutional (IUB)
E	Examination
T	Repeated (Credit not allowed)
R	Repeated (Credit allowed)

No credits are granted for grades less than D. The Grade Point Average (GPA) is calculated by total points divided by total credits.

- An 'I' grade is given to a student who has fulfilled the majority of the course requirement but has been unable to complete. The requirement should be fulfilled by the student before the end of the following semester in consultation with the course-instructor, failing which the grade converts to 'F'. The student is not required to register for the course in the next semester.
- A 'W' grade means withdrawal. A student may decide to withdraw from a course by the deadline with the consent of the instructor and the Academic Advisor.
- A 'Y' grade means audit. A student may decide to audit a course of his/her interest. In this case, the student pays the full tuition fee for the course, attends the classes, but is not required to sit for the exams or turn in the assignments. No credit is earned.
- An 'O' grade is given to a student who has been administratively discontinued by the management as a punitive measure.
- A 'Z' grade is a symbol assigned if no grade is received within the deadline.

A transcript shows the earned credit, grade status for course(s) taken at IUB and those transferred from other institutions.

A CGPA of less than 2.00 will result in the student being placed on probation and such a student must immediately consult his/her advisor and the Student Counsellor. If the student is on probation for two successive semesters and CGPA is below 1.5, his/her admission to this University is cancelled. If the CGPA is 1.5 or above but still below 2.00, the student is permitted to continue for one more semester on probation. By the end of this third semester in probation, the student must increase the CGPA to 2.00 or above, otherwise his/her admission to this University will be cancelled.

A Cumulative Grade Point Average (CGPA) of minimum 2.00 is required for graduation. Individual Schools may require higher grade point average in major courses of 300 level and above.

WHAT DO THE GED TESTS MEASURE?

The Tests of General Educational Development (GED Tests) consist of five multiple-choice tests which measure achievement in subject areas generally associated with a high school program of study. The five tests, and their relative content emphases, are:

1. WRITING SKILLS: Part 1: Sentence Structure (35%); Usage (35%); Mechanics (30%). Part 2: Essay.
2. SOCIAL STUDIES: History (25%); Economics (20%); Political Science (20%); Behavioral Science (20%);* Geography (15%).*
3. SCIENCE: Life Sciences — Biology (50%); Physical Sciences — Earth Science, Physics and Chemistry (50%).
4. INTERPRETING LITERATURE AND THE ARTS: Popular Literature (50%); Classical Literature (25%); Commentary (25%).
5. MATHEMATICS: Arithmetic — Measurement, Number Relationships and Data Analysis (50%); Algebra (30%); Geometry (20%).

The tests are taken by people who have not graduated from high school and who wish to demonstrate a level of educational achievement sufficient to earn a high school credential. The tests are administered regularly at more than 3,000 locations throughout the U.S. and Canada.

*In Canada, 20% of the test is based on geography and 15% on behavioral science.

INTERPRETING GED TEST RESULTS

Performance on the GED Tests is reported in two ways:

(1) Standard scores & percentile ranks

Results on each of the five GED Tests are given as "standard scores" ranging from 20 to 80 and "percentile ranks" ranging from 1 to 99; higher scores result from correctly answering more test questions. Both scores compare the examinee's results to those for a recent representative national sample of high school seniors. The average standard score for graduating high school seniors is 50; therefore, standard scores above 50 are above those of the typical recent high school graduate. The percentile ranks show the percent of the graduating seniors who earned scores at or below those of the examinee. For example, if an examinee's percentile rank is 30, the examinee's score is better than those of about 30 percent of the seniors.

(2) Passed or failed

Each state, province and territory sets its own minimum scores for earning a high school equivalency credential. These minimum scores require examinees to earn scores as high as those of at least 27% of the recent high school graduates. If the examinee's scores meet or exceed the minimum required, "Passed" will be marked. If not, "Failed" will be marked. Examinees who do not pass can retake the GED Tests in order to raise their scores. The local GED chief examiner can provide information about retesting. Generally, further study is recommended in those subjects in which standard scores below 35 are earned. Local adult education programs often provide preparation classes as an aid in improving performance.

A detailed description of the tests and score scales is given in the GEDTS publication *The Official Teacher's Guide to the Tests of General Education Development*, available from Contemporary Books, Inc., 180 North Michigan Avenue, Chicago, IL 60601.
